# Novel and emerging targets in atherosclerosis

## PROGRAMME

(the organisers reserve the right to change the programme)

Organised by: [Professor Charalambos Antoniades](#) + [Dr Richard Cubbon](#)

### Day one | Thursday 8 September

08:30	Registration opens	Sloane Robinson foyer
09:30 - 10:00	Refreshments   Exhibition	Arco Rooms
10:00 - 10:10	<b>Introduction and Welcome:</b> <a href="#">Professor Charalambos Antoniades</a> , Chairman, BAS	O'Reilly Theatre
<b>SESSION 1: Current state of the art approaches in discovery science</b>		O'Reilly Theatre
	Co-chairs: TBC	
10:10 - 10:30	<a href="#">Professor Adam Butterworth</a> , Cambridge, UK <b>Using genetic tools in discovery research</b>	
10:30 - 10:40	Discussion	
10:40 - 11:00	<a href="#">Professor Gerard Pasterkamp</a> , Utrecht, The Netherlands <b>State of the art in multi-omics discovery research</b>	
11:00 - 11:10	Discussion	
11:10 - 11:30	TBC	
11:30 - 11:40	Discussion	
11:40 - 12:00	Refreshments   Exhibition	Arco Rooms
<b>SESSION 2: Novel molecular targets in lipids and inflammation</b>		O'Reilly Theatre
	Co-chairs: TBC	
12:00 - 12:20	<a href="#">Prof Erik Stroes</a> , Amsterdam, The Netherlands <b>Lp(a) and RNA therapeutics</b>	
12:20 - 12:30	Discussion	
12:30 - 12:50	<a href="#">Prof Alberico Catapano</a> , Milano, Italy <b>Triglycerides and lessons from the omega-3 fatty acid trials</b>	
12:50 - 13:00	Discussion	
13:00 - 13:20	<a href="#">Dr Nehal Mehta</a> , NIH, USA <b>Psoriasis, inflammation and oxidized LDL</b>	
13:20 - 13:30	Discussion	
13:30 - 14:15	Lunch	Dining Hall

Early Career Investigator Awards			O'Reilly Theatre
	Co-chairs: TBC		
14:15 - 15:30	14:15 - 14:25	1	
	14:25 - 14:30	Discussion	
	14:30 - 14:40	2	
	14:40 - 14:45	Discussion	
	14:45 - 14:55	3	
	14:55 - 15:00	Discussion	
	15:00 - 15:10	4	
	15:10 - 15:15	Discussion	
	15:15 - 15:25	5	
	15:25 - 15:30	Discussion	
15:30 - 16:00	Refreshments   Exhibition		Arco Rooms
	Co-chairs: TBC		
Hugh Sinclair lecture			O'Reilly Theatre
16:00 - 16:50	Prof Paul Ridker, Harvard University Inflammation as a Target for Atherosclerosis: Where are we going?		
17:00 - 18:00	Poster Session		Douglas Price Room
18:00 - 19:00	Young Scientist Community Programme TBC		O'Reilly Theatre
19:30	Dinner		Dining Hall

## Day two | Friday 9 September

08:00	Registration opens		Sloane Robinson foyer
08:30 - 09:00	Refreshments   Exhibition		Arco Rooms
SESSION 3: Novel approaches to cardiovascular risk factor mitigation			O'Reilly Theatre
	Chairpersons: TBC		
09:00 - 09:20	Professor Sarah Berry, King's College London Personalised approaches to target cardiometabolic disease: a view through the nutrition-lifestyle-microbiome lens		
09:20 - 09:30	Discussion		
09:30 - 09:50	Professor Signe Torekov, Copenhagen, Denmark GLP-1/GIP agonists: Effects on the cardiovascular system		
09:50 - 10:00	Discussion		
10:00 - 10:20	Professor John Deanfield, University College London Cardiovascular Risk Calculators of the future: What should they capture and how to use them?		
10:20 - 10:30	Discussion		
10:30 - 11:00	Refreshments   Exhibition		Arco Rooms
Session 4: Under-represented populations in atherosclerosis research			O'Reilly Theatre
	Chairpersons: TBC		
11:00 - 11:20	Professor Iris Jaffe, Tufts Medical Center, USA The biological basis of sex differences in atherosclerosis		
11:20 - 11:30	Discussion		
11:30 - 11:50	Professor Nishi Chaturvedi, UCL, UK The biological basis of inter-ethnic differences in atherosclerosis		
11:50 - 12:00	Discussion		
12:00 - 12:20	Professor Naveed Sattar, Glasgow, UK Under-represented populations: implications for discovery science and clinical trials		
12:20 - 12:30	Discussion		

12:30 - 12:40	Concluding remarks from the BAS Chair <i>Professor Charalambos Antoniades</i>	
12:40 - 13:30	Lunch	<i>Dining Hall</i>
13:30 - 16:00	<b>Sponsored Symposium session</b>  Programme under development  Sponsored by: 	<i>O'Reilly Theatre</i>
16:00	Meeting close
